UNLOCK THE DOORS™ TO THE RESOURCES SCHOOLS NEED TO KEEP KIDS HEALTHY

More than 84 percent of kids are more physically active when school facilities stay open during non-school hours. But in [STATE], many schools are overwhelmed by day-to-day responsibilities and don’t have the capacity to determine how to make their facilities easily accessible to the community. We need to support shared use programs that include incentives and monitoring, so schools can unlock their doors to the community.
